RE: Middle & High School

Parents and Staff

We received news that a staff member tested positive for COVID-19. The staff member was present at the Mayville Middle & High School on Thursday, November 11, 2021.

District officials in coordination with the Tuscola & Lapeer Health Department have identified anyone who has been within six feet for more than 15 minutes with the staff member. Those members have been contacted in accordance with our health and safety guidelines.

We ask all parents and staff to check symptoms daily before and please do not come to school with any symptoms. COVID-19 symptoms include fever, cough, shortness of breath or difficulty breathing, fatigue, muscle aches or body aches, headache, new loss of taste or smell, sore throat, congestion or runny nose, nausea or vomiting, and diarrhea. Visit the District website and click on the COVID-19 reporting for more information regarding COVID-19 safety protocols and up to date information.

Best Regards,

*Barry Markwart*
